JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

Report from Havana—Deaths from yellow fever at Vera Cruz, Mexico—January, 1895, to November, 1901.

HAVANA, CUBA, *December 25, 1901.*

SIR: I have the honor to submit the following report of the transactions of the first quarantine district for the week ended December 21, 1901:

The city continues free of yellow fever, no cases having been reported during the week, which satisfactory condition also prevails throughout the island.

I inclose herewith, as a matter of interest, report of deaths from yellow fever occurring in the city of Vera Cruz, Mexico, from January, 1895, to and including November, 1901, compiled by Acting Asst. Surg. Felix Giralt, of this Service, while on temporary duty at that port.

Batabano.—Acting Asst. Surg. Jose M. Campos reports having inspected 6 vessels on arrival and issued bills of health to 5 vessels during the week.

I inclose the mortuary and other statistics for the week.

Respectfully, A. H. GLENNAN,
Surgeon, U. S. M. H. S.,
Chief Quarantine Officer for the Island of Cuba.

The SURGEON-GENERAL,
U. S. Marine-Hospital Service.

[Inclosure.]

Deaths from yellow fever in the city of Vera Cruz, Mexico, for the period from January, 1895, to November, 1901, taken from civil records.

Glanders	1		

Reports from Havana and Batabano—A death from glanders at Havana.

HAVANA, CUBA, *January 1, 1902.*

SIR: I have the honor to submit the following report of the transactions of the first quarantine district of the island of Cuba for the week ended December 28, 1901.

On the 22d there was a death from glanders at Las Animas hospital.

The Spanish brigantine *Viajero* arrived on the 27th from Rosario, Argentina, with a cargo of jerked beef. As this vessel was not provided with a certificate showing the ports at which cargo was obtained, she was remanded to the *Sanator* for disinfection to kill rats.

Batabano.—Acting Asst. Surg. Jose M. Campos reports having inspected 3 vessels on arrival, and issued bills of health to 4 vessels.

I inclose the usual mortuary and other reports for the week.

Respectfully, A. H. GLENNAN,
Surgeon, U. S. M. H. S.
Chief Quarantine Officer for the island of Cuba.

The SURGEON-GENERAL,
U. S. Marine-Hospital Service.

[Inclosure.]
